"POLICE! MURDER!" IS CRY

Adams County Saloonist, Guest at Cin-
cinnati Hotel, Raises Disturbance
and Is Placed Under Guard
For a Night.

Yesterday's Cincinnati Enquirer
contained the following item:

Cries of "Police, police! Murder!"
from an upper window of a Walnut
street hotel caused excitement in the
vicinity of Sixth and Walnut streets
last night. Employees of the hotel
rushed to the man's room and re-
moved him to the rear part of the
house, where, after receiving medical
attention, he quieted down, but placed
under guard for the remainder of the
night.

The name of the guest was given as
Thomas O'Neill, Manchester, Ohio, sa-
loon keeper, and only person engaged
in that business in Adams county. He
was said to have been suffering with
rheumatism and had developed a hal-
lucination that enemies were trying
to kill him.

AUTO STOLEN

Overland Machine Belonging To F. P.
Carpenter, of Fernleaf, Taken
From in Front of Thomas
A. Keith Residence.

Another automobile theft occurred
here yesterday when an Overland car
No. 14977, belonging to Mr. F. P. Car-
penter of Fernleaf, was stolen from
in front of the home of Mr. Thomas
A. Keith on West Third street.

Mr. Carpenter came to Maysville
yesterday about 12:30 o'clock to meet
his wife whom he was expecting to
arrive on the 2 o'clock L. & N. train.
He left his machine in front of the
Keith and Keith garage, but on com-
ing back in a short time he noticed
that the machine was gone. He made
inquiry about it but no one had seen
it disappear.

The matter was reported to Chief
of Police James Mackey, but the car
has not been located yet. The author-
ities in nearby towns have been given
a description of the machine and asked
to be on the look-out for it.

This is the second automobile rob-
bery in Maysville within a week.

DAYTON MAN LIVES WITH BROKEN NECK

Supports His Family By Selling Post
Cards—Is In This City.

Few men who suffer a broken neck
live to tell how it happened. Of those
few who may have recovered seldom
has the recovery been sufficient to al-
low any to travel alone in many
towns and cities. This, however, has
happened and Alonzo Soulin, 55
years old, the unfortunate man, is
now in Lebanon.

Back of this simple announcement
lies an unusual story, which is the

ALONZO SOULIN, WIFE AND BOY

wonder of the modern surgical world.
Nine years ago, October 23, 1906, he
had his neck broken while at work
in the plant of the National Cash
Register Company at Dayton, O., and
he is one of the few who have lived.
Mr. Soulin has not only lived, but
with undaunted courage he has main-
tained his family in comfortable cir-
cumstances and at the same time has
retained his cheery disposition which
spreads sunshine to all with whom he
comes in contact.

Mr. Soulin was born on a farm,
for 12 years was a railroad trainman
three years a sailor and has worked
as a boilermaker, painter, decorator,
carpenter, coal hauler and ditch dig-
ger.

His greatest affliction, however,
came nine years ago while engaged
in decorating an official building in
Dayton. He was stooping to remove
some rubbish when a six foot plank
fell, striking him edgewise on the
back of the neck. He was taken to
the hospital unconscious and there
remained for eight days in that con-
dition.

Mr. Soulin is an ex-Pan Handle
and C. H. & D. Railroad man. He
carries credentials from the mayor
officials of Dayton, the officials of ev-
ery city he has visited and today re-
ceived a card from the city officials,
giving him permission to sell his post
cards in this city.

ANOTHER ACT SECURED FOR FAIR

Senorita Paquita, one of the famous
Spanish dancers recently returned
from the War Zone will be another
one of the feature acts of the Fair.
We are informed that her act is a
very high class dancing act exhibit-
ing some very classy creations in
costuming.

This is Senorita's first trip to
America and she has been meeting
with much favor in all of the big Chi-
cago and New York show palaces.

No doubt you will notice some
mighty broad smiles on the boys
about the city during the last three
days of next week if some of the re-
ports are true that have been re-
ceived in advance for they say "she's
some class."

COLORED SOLDIER

Now at Camp Custer Writes Letter to
His Father in This City Telling of
the Interesting Things of
Camp Life.

Camp Custer, Saturday Afternoon.
Dear Dad—Received your letter and
was very glad to get such an early
reply. Well it was quite a surprise to
have such a nice write up in the pa-
per from home but I have been equal-
ly as popular in G. R. as I had a num-
ber of these and receptions and
smokers galore.

I never realized it was such an hon-
or to be drafted before. I am getting
along fine and am expecting to be a
non-commissioned officer soon.

My work in the G. R. & I. Railroad
office has helped me wonderfully here
as I am chosen a number of times to
act as orderly and do clerical work
for our Colonel. I am acting in that
capacity at present. I am as fat as a
pig but am trying to lose some of
my flesh.

I left my trunk at Aunt Maym's as
I may want to get in it when I am in
town, but if anything serious happens
I told her to send it to you. How is
every one there? I am quite busy, but
will write you again soon. Love to
"Pud."

THE BLUEGRASS MYTH

Asw any citizen in any other locality what the word "Kentucky" conveys to his mind and the chances are about nine to one that he will answer, "Bluegrass, horses, whiskey (both daylight and moonshine), pretty girls, and colonels who drive the horses, drink the whiskey and marry the girls." Feuds may be mentioned, and illiterate mountaineers.

This is the bluegrass myth. Like all myths, it had its foundation in fact, but the facts are now ancient history and Kentucky is in the stream of progress.

Horses are still raised, but other industries far surpass this in economic importance, and the colonel's son drives an automobile. The girls seem as pretty as ever, but they are no longer idlers, dependent upon the labor of an alien race. The colonel's daughter belongs to a woman's club and she is exceedingly active in campaigns for clean streets, better schools, educating the illiterate, introducing trade education and spreading the gospel of woman suffrage and prohibition.

Indications are strong that in 1919 the bluegrass state will write herself into the dry column. The Owensboro Messenger says "a dozen members of the coming legislature are vying with each other for the honor of introducing the prohibition resolution as soon as the assembly convenes." The election cannot be held until 1919, but the Messenger declares all signs point to a dry victory at that time.

With the distilleries prevented from making whiskey because of the war, with all the grain needed for more sane uses, and with increasing demand for commercial alcohol made from grain refuse, the wet forces would seem to have little need to fight the measure very strongly.

Feuds vanish before education and temperance.

The colonel may have been a charming old gentleman. But he was old before his time. His son and daughter will live longer and more happily, and they lose none of their charm because they are helping their state attain the benefits of modern life.

AMERICAN DIPLOMACY

A spokesman for the Japanese diplomatic mission, about to leave this country after the conclusion of the Lansing-Ishii agreement, says:

"We return with a profound impression of the sincerity and honesty of American diplomacy. The United States has an admirable opportunity to spread this diplomacy throughout the world as the best, indeed the only, means of insuring the eventual peace will be lasting and binding on all nations."

So impressed was this Japanese diplomat with the transparent honesty and candor with which our government had conducted the negotiations that he took pains to assure the American public that Japan would carry out her pledges in the same spirit of sincerity and good will. "It is for us Japanese to treat the Chinese fairly and squarely," he said, "and we intend to do it."

This there has been more involved in the new American-Japanese understanding than the safety and integrity of China, the elimination of our old "Yellow Peril" bugaboo and the assurance of friendly co-operation in war and peace between Japan and the United States. Another good example has been set in the settlement of international affairs by the same straightforward methods that honorable men use in private matters.

There was never any reason for conducting international matters in any other way. The American idea is slowly winning its way and changing the character of diplomacy. And it's one of the most wholesome influences now at work in the world.

Keep Your Pantry Clean

Your food is served direct from the pantry, and one of the most important factors in keeping your home healthy is to make sure that your pantry, and everything in it, is clean. A liberal use of

20 Mule Team Borax

will accomplish this. Cups and saucers, plates, glasses—everything that goes from the pantry to your table—should be washed regularly in Borax.

Sprinkle Borax around to clean out water bugs and roaches.

Use 20 MULE TEAM BORAX to protect Your Last Line of Defence against unsanitary food.

Borax is recommended by the leading authorities on sanitation and hygiene in their published works.

Are Told How to Find Relief from Pain.

Nashua, N. H.—"I am nineteen years old and every month for two years I had such pains that I would often faint and have to leave school. I had such pain I did not know what to do with myself and tried so many remedies that were of no use. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and decided to try it, and that is how I found relief from pain and feel so much better than I used to. When I hear of any girl suffering as I did I tell them how Lydia E. Pinkham's Vegetable Compound helped me."—DELINA MARTIN, 29 Bowers Street, Nashua, N. H.

AMERICANS TO FLEE

From Russia—American Embassy at Petrograd Has Asked For Special Train To Convey 200 Members of U. S. Colony to Harbin.

London, November 19—The American embassy at Petrograd, according to a Reuter dispatch, has requested that a train be provided to convey two hundred members of the American colony in Petrograd to Harbin.

Petrograd, November 18 — Reports of a new army, composed of various elements from the front and the vanguard of which is said to be close to Gatchina, have sent a new thrill through the city. If the reports are to be credited, the aim of the new force is to release the city from the control of the Bolsheviks. It is commanded by Staff Captain Pavloff, of the Social-Democrat Workman's Party, and already has had brushes with the defending outposts of the Bolshevik army.

According to some versions, Mr. Kernesky is returning with the army. Still further reports tell of an armored train approaching from the direction of Moscow, pulling up the rails as it proceeds. All the reports are impossible of confirmation.

A report of the inter-frontal congress for the supply of the armies is published today. It declares the inability of the congress further to carry on the burden laid upon it by the general army committee and that, therefore unless the present situation is quickly clarified, it will give up the task and not be responsible for consequences.

The committee for the salvation of the revolution has protested against the order of arrest of Premier Kernesky and for the taking into custody of other members of the provisional government on the ground that they are answerable only to the constituent assembly. The town Duma is at loggerheads with the revolutionary committee over the attempts of the lat-

ter to assume the management of the telephones.

The Bolshevik leaders are endeavoring to effect the resumption of operations by the various branches of the government, most of which have been disorganized by strikes and the refusal of employees to work under the Bolshevik commissaries.

The newspapers which were suppressed in the early days of the uprising have in some instances been given permission to renew publication, although the status of the Bourgeois press is still indefinite.

The temporary revolutionary law courts are to open today and civilians are invited to participate in the trial of offenders haled before these tribunals. An order of arrest for M. Neratoff, former minister of foreign affairs, and other officials of the foreign ministry is reported to have been issued.

LUCKY STUDENTS

At Fort Benjamin Harrison To Be Awarded Commissions This Week.

Fort Benjamin Harrison, November 16—Commissions will be issued early this week to the successful students in the Officers' Reserve Corps. Colonel William Johnson, of the Adjutant General's Department, will deliver them.

Lieutenant Colonel Read, commanding the cantonment, is receiving many letters, telegrams and telephone calls from relatives and friends of the candidates. "Their inquiries and suggestions are all so vain it seems a shame to waste the money," he said. "While some changes may yet be made, the appointments are, for the most part, decided on and certainly no recommendations from outside forces are going to weigh anything with the Efficiency Board."

Students in the officers' reserve camp continued trench work today. The trench period, it was announced, will continue right up to the close, on November 26.

Those who receive commissions will be assigned to duty beginning December 15.

The medical cantonment is breaking up rapidly. Today 150 enlisted men left for Ft. Sam Houston, at San Antonio, Texas, and group of 25 and 30 officers left for seaports, presumably for embarkation. One party of 25 officers went to Portland, Oregon.

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proved to be as representative.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back, a lame, weak, or aching one, Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Easy to prove local testimony. Read this Maysville case: Ben. P. Fleming, constable of Mason Co., 217 E. Lee St., Maysville, says: "I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times, my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. 60c all stores. Perkins, chairman of the finance committee of the War Work Council.

While final figures will not be available before Wednesday, Mr. Perkins stated that reports from various parts of the country left no doubt that the full amount, and probably more, had been contributed. The campaign was begun a week ago and extended throughout the nation.

ITALY REPORTS FOE IS UNABLE TO BREAK LINE

Rome, November 19.—"The enemy is unable to advance anywhere," was the report issued from the war office today.

"On the plains," the statement continued, "our vigilance stopped the enemy from renewing his attempt to cross the Piave."

Around Mrs. Tonberecar and Badenesche violent concentrations of artillery prevent our counter-attacks.

"Around Asiago, in new offensives, we occupied advanced enemy trenches, taking 60 officers and 202 men prisoners."

"Southward of Quero numerous enemy forces are attacking Mts. Monfenera and Tomba."

Battle front descriptions thrilled Rome today with heroic narratives of the Italian defense. In the mountains the fighting is over slippery, snow-covered rocks and crags or centering about the peaks of the Alps.

Along the river Piave the stream itself has been dyed in the blood of fighting men. The enemy's losses have been staggering.

AMBRASSADOR SAYS ALL AMERICANS IN RUSSIA ARE SAFE

Washington, November 19.—Messages from Ambassador Francis at Petrograd and Consul General Summers at Moscow, dated last Friday and Saturday, and received today at the State Department said all Americans in the two principal Russian cities were safe. Conditions in both places were represented as quieter but still chaotic.

Ambassador Francis reported he had obtained transportation from Petrograd to Harbin over the trans-Siberian railroad for Americans who wished to depart from the capital. He had recommended that all unattached women and men accompanied by women and children leave. Officials here estimated that there were about 200 Americans in Petrograd.

GERMANS ARE FALLING BACK NEAR DIXMUDE

Washington, November 19.—A German retirement on the Dixmude front was reported officially to the Belgian legation today.

"The enemy is abandoning fortified farms on the Yser left bank, blowing up elaborate and intricate concrete redoubts," said an official statement.

"Belgian detachments occupied the positions, caused severe losses to the enemy and captured some of the prisoners."

GERMANS CLAIM THEY HAVE TAKEN TOWNS

Berlin (Via London), November 19. Quero and Monte Carnella were stormed and the Italians driven from strongly prepared positions around Monte Tomba, today's official statement declared.

"Around Monte Tomba," the war office continued, "1100 Italians were taken prisoner."

"Northeast of Asiago the enemy made repeated futile and costly endeavors to regain heights which they had lost."

The Ladies' Aid Society of the Christian Church will meet this afternoon at 1 o'clock at the home of Mrs. Jacob Thomas, on East Fourth street.
